WORK EXPERIENCE

OPEN WOLF CO.

CEO (2017 - Present)

Openwolf Co. is a freelance web studio based in Cebu City, Philippines. Our clients include the City Government, universities and hospitals.

FREELANCER

(2015 - 2017)

I created full-fledged websites and apps for clients from USA, Canada and UK. Websites were custom built in Php or Wordpress, including setup of hosting environments, vps servers, custom CMS and routine management.

PORTFOLIO

I enjoy building static sites (Jekyll/NextJS) with simplified custom CMS and optimizing Wordpress setups to serve faster. I also customize and develop themes and layouts; also work with other UX/UI designers to deploy their preferred backend framework or setup custom APIs.
